A SYNOPSIS Of The Proposed NEW KENTUCKY REVENUE AND TAXATION LAW

Constitutional Amendment. The new law is in conformity with the Amendment to Section 171 of the Constitution authorizing the General Assembly to:

Classify property for taxation.
Fix the rate of taxation on each class.
Designate which classes shall be subject to local taxation.

Permanent. The new law provides for State Tax Commission. Commission to carry into effect the provisions and exercise supervision over the entire question of State taxation. To devote its entire time to the question and assume the duties of the various boards and commissions now having authority to assess and tax property for State purposes at Frankfort.

Rate of Taxation. The new law fixes the rate of taxation on all taxable property for State purposes at forty cents on each \$100 of assessed value, instead of fifty-five cents, as at present. In all classes of property excepting deposits in bank, which are to be taxed at ten cents on each \$100 for the purpose of encouraging thrift and savings and the circulation of money now sequestered because of excessive taxation. In other respects taxation for State purposes will be absolutely uniform on all classes of property, whether owned by the residents of towns or the country.

Apportionment. The apportionment for each county of the State remains undisturbed, and the General Revenue Fund, the School Fund, the Sinking Fund, the Kentucky University and Road Tax will receive the same exact proportion of the revenue as heretofore.

Real Estate. Real estate will be taxed at its present and according to its locality in the country, in towns and cities for State purposes at the uniform forty-cent rate, and for county, town or taxing districts at the local rates fixed by the local authorities. The value of real estate assessed for taxation and surtaxes and should naturally contribute towards the maintenance of such improvements.

Personal Property. Personal property to negroes, gaged into classes and each class will be taxed uniformly, whether owned by the resident of a town or the country, for the purpose for which it is taxed.

Money and Money in Bank, Notes, Credits. Banks, accounts and shares of stock in foreign corporations having less than twenty-five percent of their taxable property in Kentucky will be taxed for State purposes only at the uniform forty-cent rate in lieu of all other taxation. Shares of stock in Kentucky corporations and foreign corporations having more than twenty-five percent of their taxable property in Kentucky are exempt from taxation as the taxes are paid by the corporations.

Machinery. Farm implements and machinery, the machinery of manufacturing establishments, including raw material and product in course of manufacture, will be taxed for State purposes only at the uniform rate of forty cents in lieu of all other taxation.

Mortgages. Mortgages will be taxed for State purposes only at the uniform rate of forty cents, and for a period exceeding three years, a registration fee of twenty-five cents on each \$100 will be required in order to secure revenue from foreign money lenders on long-time loans, as this is the only Kentucky tax they would have to pay.

Banks and Trust Companies. Banks and trust companies will be subject to the panics, but the State tax will be only forty cents instead of fifty-five, as at present, and the assessment will be made by the permanent Tax Commission instead of the State Board of Valuation. Banks have heretofore been assessed on a different basis of valuation from other property, and it is not proposed to disturb this arrangement.

Bank Deposits. Bank deposits are placed in Deposits, a separate class and depositors will be taxed at the rate of ten cents on each \$100 on money on deposit September 1, which tax may, however, be paid by the banks for their depositors or by the depositors themselves, and this nominal tax is calculated to largely increase the deposits in banks, as money not so deposited will be subject to the State tax rate of forty cents.

Railroads and Public Service Corporations. Railroads and public service corporations will be assessed by the permanent Tax Commission and the taxes on the various classes of property they may own will be the same as for individuals. Forty cents for State purposes on property taxed for State purposes only and such local taxes as the local authorities fix on property subject to same. The value of franchises will also be fixed by the State Tax Commission and the new law classifies with all other State Taxing Boards and taxing privileges of other Commissions at Frankfort.

Merchants. Merchants will be taxed on their real estate and tangible personalty as heretofore, but at the lower State tax rate of forty cents, and such local rates as may be fixed by the local authorities. Notes, accounts and cash in hand will be taxed for State purposes only at the uniform forty-cent rate in lieu of other taxes and bank deposits at ten cents on each \$100.

Manufacturers. Manufacturers will be assessed by the permanent Tax Commission and the taxes on the various classes of property they may own will be the same as for individuals. Forty cents for State purposes on property taxed for State purposes only and such local taxes as the local authorities fix on property subject to same. The value of franchises will also be fixed by the State Tax Commission and the new law classifies with all other State Taxing Boards and taxing privileges of other Commissions at Frankfort.

Farmers. Farmers will be subjected to the present taxation on their land and improvements, but the tax rate for State purposes will be forty cents instead of fifty-five. Agricultural implements and machinery will be taxed for State purposes only at the uniform forty-cent rate. Crops grown within the year are exempt from all taxation. Bank deposits will be taxed at ten cents on the hundred dollars, and this tax may be paid by banks. Cash on hand, notes and accounts, taxable bonds and stocks will be taxed for State purposes only at the uniform forty-cent rate.

Livestock. Livestock will be taxed at present, but the State tax rate will be forty cents instead of fifty-five cents.

Household Effects. Household effects, including pictures, musical instruments, furniture, metals and jewelry, will be taxed as at present, but the State tax rate will be forty cents instead of fifty-five cents, and there will be a 25-cent exemption of \$25 for heads of families.

ALL TAXPAYERS IN FAVOR OF A BETTER TAX LAW SHOULD WRITE TO THE GOVERNOR AND U.S. SENATOR TO CALL A SPECIAL SESSION TO CONSIDER SAME.

Wanted Instruction.
One day Morton came home from school much discouraged. It seemed the teacher had been explaining the difference between pints and quarts, but he failed to understand it. To make it plain his mother showed him the actual milk bottles of the two sizes, when he impatiently declared: "There is no use bothering about this any more. I am not going to be a milk-man."

Drives Out Malaria, Builds Up System
The Old Standard general strengthening tonic, GROVES' TASTELESS CHILL TONIC, drives out Malaria, enriches the blood, and builds up the system. A true tonic. For adults and children. 50c.

Long Distance calls for fifteen merchants within a radius of several hundred miles.

"In less than one hour he had sold 2100 barrels of flour at a total cost to us of less than six dollars."

"Since then we have applied the Long Distance Bell Telephone to every feature of our business with most profitable results. The service is fine, the rates are reasonable and there is more satisfaction in one Long Distance Telephone talk than in half a dozen letters."

CUMBERLAND TELEPHONE AND TELEGRAPH COMPANY
BOX 252, MADISONVILLE, KENTUCKY.
